

**ADAMS COUNTY/OHIO VALLEY SCHOOL DISTRICT
POWER STANDARDS (INDICATORS)**

**MATH
GRADE FIVE**

Standard – Number, Number Sense and Operations

Round decimals to a given place value and round fractions to the nearest half.

Estimate the results of computations involving whole numbers, fractions, and decimals, using a variety of strategies.

Standard – Measurement

Demonstrate understanding of the differences among linear units, square units, and cubic units.

Make conversions within the same measurement system while performing computations.

Standard – Geometry

Draw and identify radius, diameter, and circles.

Use benchmark angles to estimate measures of angles, and use a tool to measure and draw angles.

Label parts of an angle.

Standard – Patterns, Functions and Algebra

Justify a rule for a pattern or a function.

Describe and use variables.

**ADAMS COUNTY/OHIO VALLEY SCHOOL DISTRICT
POWER STANDARDS (INDICATORS)**

**MATH
GRADE FIVE**

Range, mean, median, and mode.

Probability of events.

Standard – Data Analysis and Probability

Read, construct, and interpret graphs.
